# New Hope for Depression

*THE #1 HEALTH SYSTEM IN LOS ANGELES  
IS NOW SERVING PASADENA*

The UCLA Neuromodulation Clinic is pleased to offer transcranial magnetic stimulation (TMS) for the relief of major depressive disorder in both Westwood and Pasadena. Transcranial magnetic stimulation is a safe, effective, and non-invasive treatment option which has been FDA approved for the treatment of depression. If your depression has not responded to treatment with medications, or if you are frustrated with medications and their side effects, TMS may be the right treatment option for you. This cutting-edge treatment option is now covered by most insurance plans. Please visit us online at [tms.ucla.edu](https://tms.ucla.edu) or call 310-825-7471 to learn more and schedule an evaluation with one of our expert physicians.
